Fast Track Summer Paramedic Program

Fast Track Summer Paramedic Program is a 40 hour a week paramedic instructional program meeting all the requirements in order to take the National Registry Exam. The program is 13 weeks in length and has a pre-requisite fast paced Anatomy and Physiology self-taught web-based course. The A&P Course must be completed successfully prior to admittance in the class.

The successful candidate should have experience as an EMT and possess strong skills. Also the candidate must be a high level reader and be able to handle continuous assignments of voluminous reading that must be completed in a short period of time.

The student, student's family, and student's support system must be exceedingly committed and strong in order for the student to be successful. The prospective student will have many challenges in this highly paced academic program.

This course includes the following special courses for certification: Advanced Cardiac Life Support (ACLS); International Trauma Life Support (ITLS); Neonatal Resuscitation Program (NRP), Pediatric Education for Prehospital Professionals (PEPP), and Advanced Medical Life Support (AMLS).

Application Deadline:

Pre-Testing Dates:

Personal Interview: Date & time will be scheduled individually.

Classes Tentatively Begin: May 24, 2010

Course Final Exam: TBA

Tuition: \$ 5,500.00

Registration Deadline:

Textbooks are included in the tuition price.
